This Qualifies You For All 10 Bonus Pools!

No Guarantee of Income: There is no guarantee of income, nor any assurance of profit or success.

Individual incomes earned are solely dependent upon the efforts of each Representative and/or participant of the group. It is understood that a representative's income, if any, will consist solely of commissions and bonuses related to the sales and solicitation of orders from the ultimate consumers. Bonuses are calculated at 10% of the qualifying gross company wide sales. Each Bonus Pool is shared equally by everyone qualified for that pool. Group Volume must be generated within the first 10 levels of the representative's unilevel downline.
